# Class Schedule

**Directions:** Choose the schedule option below that you like best. Cut it out and keep it on your desk or another safe spot so you can check off subjects as you complete them.

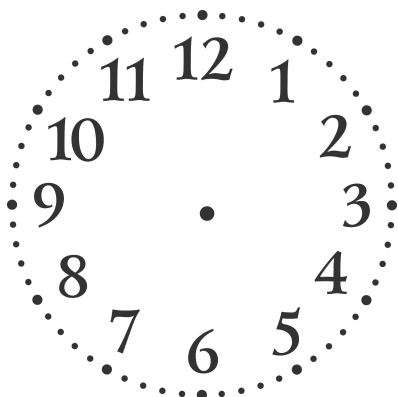

**Option 1:** Write each subject or activity under the correct day of the week. Then write the start time for each subject in the Time column.

| Time | Monday | Tuesday | Wednesday | Thursday | Friday |
|------|--------|---------|-----------|----------|--------|
|      |        |         |           |          |        |
|      |        |         |           |          |        |
|      |        |         |           |          |        |
|      |        |         |           |          |        |
|      |        |         |           |          |        |
|      |        |         |           |          |        |
|      |        |         |           |          |        |

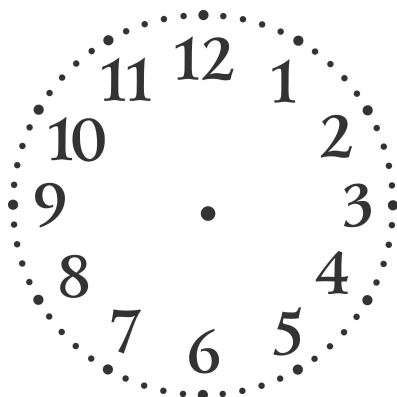

**Option 2 :** Use a new chart each day. Write the start time and subject for each part of your school day. As you complete each subject or activity, mark it as finished.

| Time | Subject |
|------|---------|
|      |         |
|      |         |
|      |         |
|      |         |
|      |         |
|      |         |
|      |         |

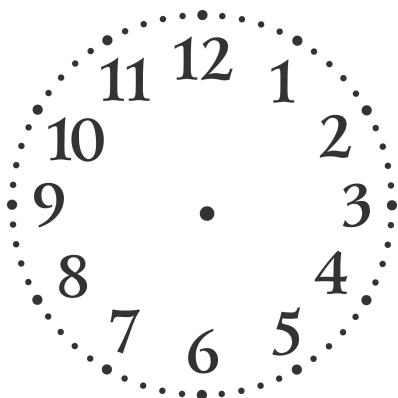

**Option 3:** Choose 4 subjects in your day to write down. Draw the hands on the clock to show what time the subject begins.
